Dear Sir/Madam,

Whereas, Online Application/Scheme No NMC/UGI/2026-2027/0131 was submitted to the Medical Assessment & Rating Board (MARB), National Medical Commission (NMC), seeking permission for an increase in intake of 50 MBBS seats (200-250 seats) at **Ajay Sangaal Institute of Medical Sciences & Research and Ayushmaan Hospital, Shamli, Uttar Pradesh,** for the Academic Year (A.Y.) 2026-27.

2. **Whereas,** Section 28(2) of the National Medical Commission Act, 2019, mandates that every applicant shall submit a scheme to the Medical Assessment and Rating Board in the form and containing such particulars as may be prescribed under the relevant regulations. Further, the proviso to Regulation 9 of the Establishment of Medical Institutions, Assessment and Rating Regulations, 2023 provides that an incomplete application, including one not accompanied by the mandatory documents prescribed under the Regulations, is liable to be rejected;

3. Whereas, Section 29 of the National Medical Commission Act, 2019 read with Regulation 11 of the Establishment of Medical Institutions, Assessment and Rating Regulations, 2023, requires the Medical Assessment and Rating Board, while considering a scheme under Section 28, to assess, inter alia, the adequacy of financial resources, availability of academic faculty, hospital facilities, infrastructure, and such other prescribed criteria necessary for the proper functioning of the proposed medical college;

4. **Whereas,** the Public Notice dated 22-12-2025 inviting applications for the Academic Year 2026-27 specifically stipulates that:

"The regulatory framework does not contemplate a 'work-in-progress' status at the time of application; rather, it obligates readiness and demonstrable compliance ab initio. Therefore, any plea of being in the process of completing infrastructure or requesting additional time defeats the very objective of the scheme under the Act and Regulations and is wholly impermissible."

Whereas, Section 28(7) of the National Medical Commission Act, 2019 empowers the Medical Assessment and Rating Board (MARB) to conduct the evaluation and assessment/inspection of any medical institution at any time, either directly or through experts having integrity and experience in the medical profession, **without any prior notice.** Accordingly, MARB conducted an inspection of the institution through duly appointed assessors, and the assessment report submitted by the assessors was examined by the Expert Committee constituted by MARB before making its recommendations.

6. **Whereas**, the Medical Assessment and Rating Board (MARB), National Medical Commission (NMC), after examining the application, the assessment report, the recommendations of the Expert Committee, the compliance submitted by the applicant institution, and all other relevant records in accordance with the National Medical Commission Act, 2019, the Undergraduate Medical Education Standards Regulations (UGMSR), 2023, the Establishment of Medical Institutions, Assessment and Rating Regulations, 2023 and the Public Notice inviting applications for the Academic Year 2026–27, **has decided to approve the scheme and grant a Letter of Permission (LoP) under Section 28(3) of the National Medical Commission Act, 2019 for increase in intake of 50 (Fifty) MBBS seats (from 200 to 250 seats) at Ajay Sangaal Institute Of Medical Sciences & Research And Ayushmaan Hospital, Shamli, Uttar Pradesh, for the Academic Year (A.Y.) 2026-27,** a subject to the provisions of the National Medical Commission Act, 2019, the regulations framed thereunder, and the terms and conditions specified herein.
